University of Glasgow | College of Science & Engineering

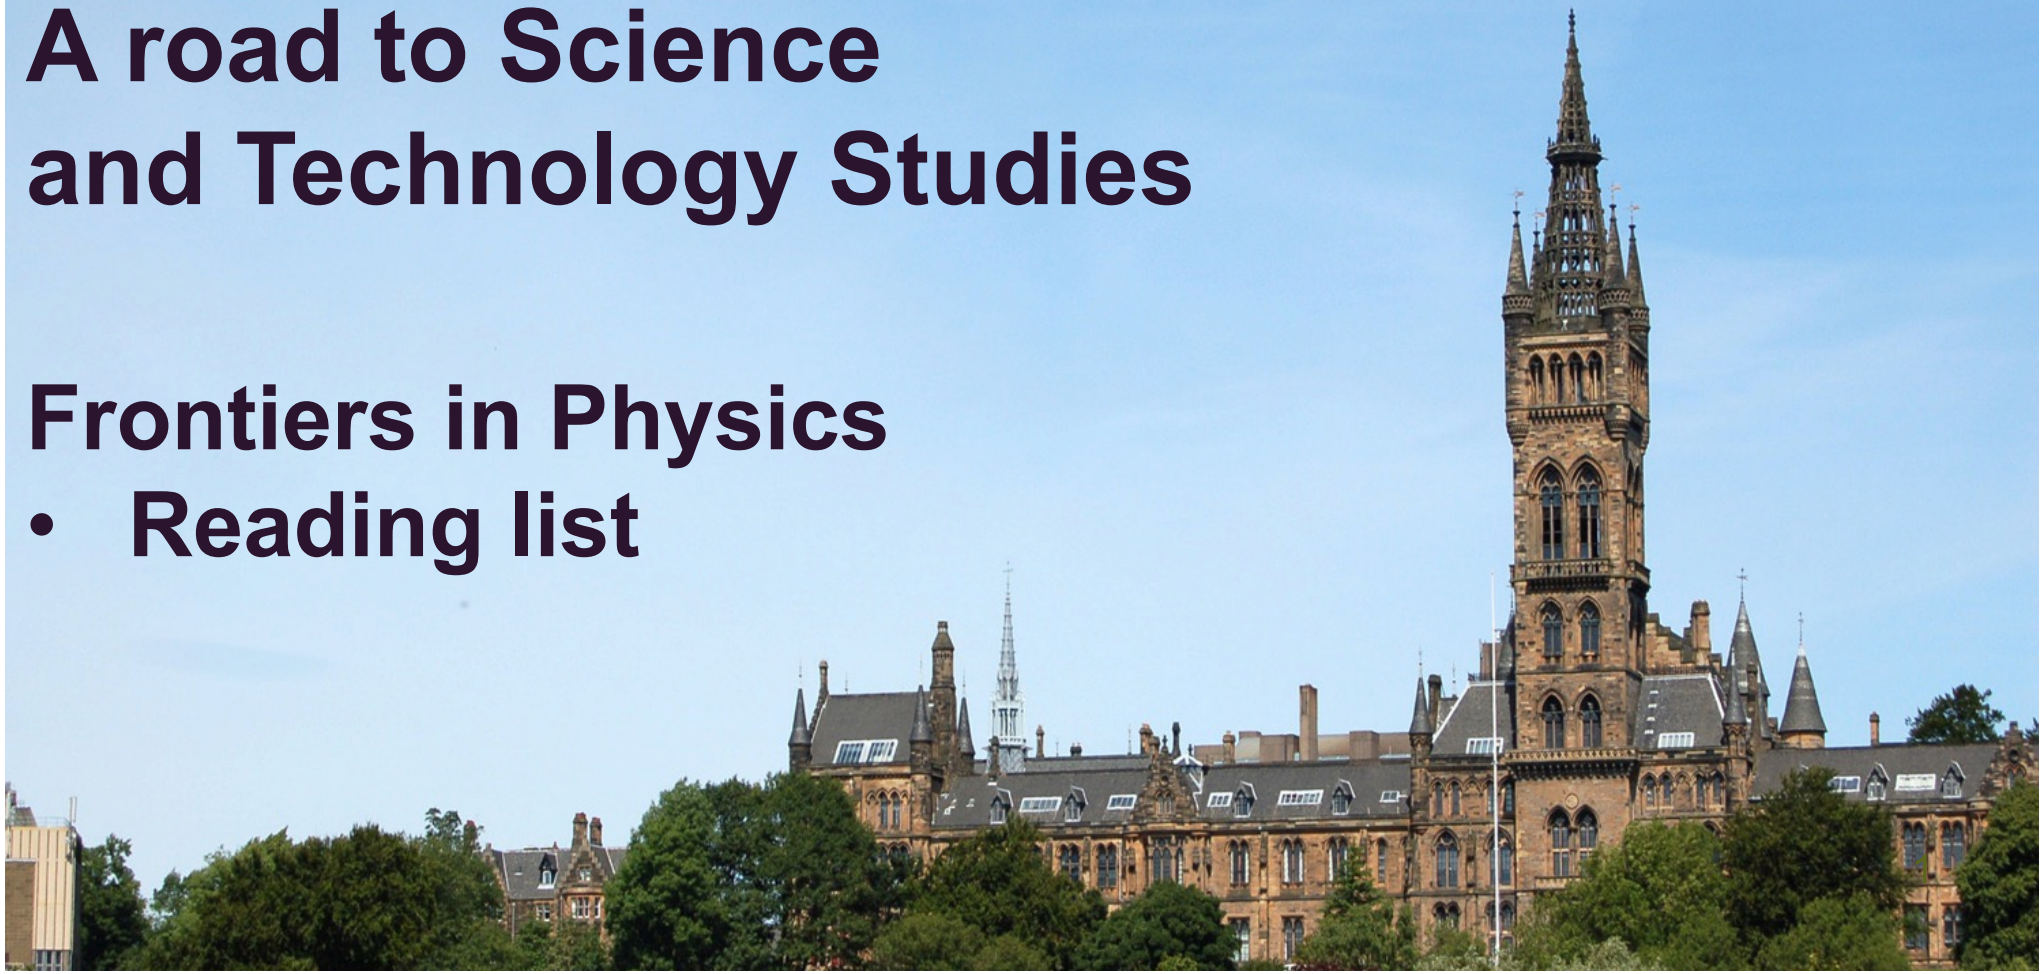

Kenneth Wraight

Let's Talk About Science:

A road to Science and Technology Studies

Frontiers in Physics

- Reading list

Philosophy of Science

Overviews

Philosophy of Science: A Very Short Introduction *Samir Okasha*

- A good overview in the OUP Very Short Intro. style
- https://tinyurl.com/yb24gol6

What Is this Thing Called Science? *Alan Chalmers*

- More comprehensive overview
- https://tinyurl.com/yb6qfd2b

Philosophy of Science: A Contemporary Introduction *Alex Rosenburg & Lee McIntyre*

- Text used in current Philosophy Course
- https://tinyurl.com/y9caxtss

A Couple of Classics

Logic of Scientific Discovery *Karl Popper*

- Popper's classic work on Falsificationism
- https://tinyurl.com/ycxxjdmz

Structure of Scientific Revolutions *Thomas Kuhn*

- Kuhn's classic upset to traditional PoS
- https://tinyurl.com/yah8jeb5

University of Glasgow

Studies of Science

SSK

Scientific knowledge: a sociological analysis *Barry Barnes, David Bloor, John Henry*

- A case for SSK along with some physics examples
- https://tinyurl.com/ya8ov7dn

The Mangle of Practice *Andrew Pickering*

- Focussing on experiments and practice rather than theory and representation
- https://tinyurl.com/ycc4rhln

History

Leviathan and the Air-pump *Steven Shapin, Simon Schaffer*

- Describes the rise of experimentalism in Science with Robert Boyle
- https://tinyurl.com/ycpyopdg

Anthropology

Laboratory Life *Bruno Latour, Steve Woolgar*

- Based on field-work in a biology lab, Latour takes an empirical approach to STS
- https://tinyurl.com/y77gvw8f

Philosophy

The Social Construction of What? *Ian Hacking*

- An analysis of SSK and the Science Wars
- https://tinyurl.com/y83qm84d

Studies of Physics

Quantum Mechanics

Quantum Mechanics: Historical Contingency and the Copenhagen Hegemony *James Cushing*

- The story of the advent of QM and the choice of (metaphysical) interpretation
- https://tinyurl.com/yafop3kj

Particles

How Experiments End *Peter Galison*

- Studies crucial experimental episodes in particle physics
- https://tinyurl.com/y86gky5s

The Standard Model

Constructing Quarks: A Sociological History of Particle Physics *Andrew Pickering*

- Written by a physicist turned sociologist, based on historical record
- Not in the library

Gravitational Waves

Gravity's Kiss: The Detection of Gravitational Waves *Harry Collins*

- Written by a sociologist whose work was embedded with the physicists
- Not in the library

Non-Reading List

BBC Radio4's *In our Time* episodes

Science and Religion	https://www.bbc.co.uk/programmes/p005479y
20th Century Science	https://www.bbc.co.uk/programmes/p005457h
The Scientific Method	https://www.bbc.co.uk/programmes/b01b1ljm
The Scientist	https://www.bbc.co.uk/programmes/p00548jq
Imperial Science	https://www.bbc.co.uk/programmes/p00547b5
Vienna Circle	https://www.bbc.co.uk/programmes/b00lbsj3

How to think About Science

- CBC's 24 part epic across STS
- https://www.cbc.ca/radio/ideas/how-to-think-about-science-part-1-24-1.2953274

Social Science Bites

- Short introductions to all sorts of sociological studies (STS and more)
- https://player.fm/series/social-science-bites

The Tribes of Science

- Concerning the sub-communities of science
- https://www.bbc.co.uk/programmes/b012xns9/episodes/player

Four Thought

- How images and concepts interact
- https://www.bbc.co.uk/programmes/b0b89nq2
